

A Nibras Allawazim Brand

Ostomy Care Portfolio

Company Profile

Velyra is an ostomy care brand owned by Nibras Allawazim, offering a comprehensive portfolio of one-piece bags, two-piece systems, baseplates, and accessories for ostomy and urostomy care. The portfolio is designed to support secure fit, comfort, discretion, and skin protection across neonatal, pediatric, and adult use.

Opaque**

1) Ostomy – Closed & Flat Drainable

Variant	Size / Opening	REF/Model
1. Closed, flat, opaque, with filter	50–55 mm	161751
2. Closed, flat, opaque, with filter	60–65 mm	161752
3. Closed, flat, opaque, with filter	70 +/- 10 mm	161753
4. Drainable, flat, transparent, with filter	50–55 mm	131811
5. Drainable, flat, transparent, with filter	60–65 mm	131812
6. Drainable, flat, transparent, with filter	70 +/- 5 mm	131813
7. Drainable, flat, opaque, with filter	50–55 mm	131751
8. Drainable, flat, opaque, with filter	60–65 mm	131752
9. Drainable, flat, opaque, with filter	70–75 mm	131753
10. Drainable, flat, transparent, without filter	75 +/- 10 mm	130814
11. Drainable, contour-fitting flat, transparent, with filter	75 +/- 10 mm	131814

**Drainable
Transparent**

2) Ostomy – Convex

Variant	Size / Opening	REF/Model
1. Drainable, convex, transparent, with filter	45 +/- 5 mm	231811
2. Drainable, convex, transparent, with filter	55 +/- 5 mm	231812
3. Drainable, convex, transparent, with filter	70 +/- 5 mm	231813
4. Drainable, convex, opaque, with filter	45 +/- 5 mm	231751
5. Drainable, convex, opaque, with filter	55 +/- 5 mm	231752
6. Drainable, convex, opaque, with filter	70 +/- 5 mm	231753

Convex Profile

The convex barrier gently protrudes to help reduce peristomal skin folds and improve seal security.

Flat Profile

Convex Profile

3) Urostomy

Variant	Size / Opening	REF/Model
1. Drainable, flat, transparent	40 +/- 5 mm	140811
2. Drainable, flat, transparent	55 +/- 5 mm	140812
3. Drainable, flat, transparent	70–75 mm	140815
4. Drainable, flat, opaque	40 +/- 5 mm	140751
5. Drainable, flat, opaque	55 +/- 5 mm	140752
6. Drainable, flat, opaque	70–75 mm	140753
7. Drainable, convex, transparent	40 +/- 5 mm	240811
8. Drainable, convex, transparent	55 +/- 5 mm	240812
9. Drainable, convex, transparent	70–75 mm	240813
10. Drainable, convex, opaque	40 +/- 5 mm	240751
11. Drainable, convex, opaque	55 +/- 5 mm	240752
12. Drainable, convex, opaque	70–75 mm	240753

Two-Piece Bags

Ostomy & Urostomy Systems

1 Flexible Click – Ostomy

Drainable

Variant	Size	REF/Model
Opaque, with filter	45–50 mm	943175
Transparent, with filter	45–50 mm	943181
Opaque, with filter	55–60 mm	953175
Transparent, with filter	55–60 mm	953181
Opaque, with filter	70–75 mm	973175
Transparent, with filter	70–75 mm	973181

Closed

Variant	Size	REF/Model
Opaque, with filter	45–50 mm	946175
Opaque, with filter	55–60 mm	956175
Opaque, with filter	70–75 mm	976175

2 Rigid Click – Ostomy

Drainable

Variant	Size	REF/Model
Opaque, with filter	45–50 mm	843175
Transparent, with filter	45–50 mm	843181
Opaque, with filter	55–60 mm	853175
Transparent, with filter	55–60 mm	853181
Opaque, with filter	70–75 mm	873175
Transparent, with filter	70–75 mm	873181

Closed

Variant	Size	REF/Model
Opaque, with filter	45–50 mm	846175
Opaque, with filter	55–60 mm	856175
Opaque, with filter	70–75 mm	876175

3 Adhesive – Ostomy

Neonatal & Pediatric

Variant	Size	REF/Model
Transparent drainable	17–20 mm	713181
Transparent drainable	25–30 mm	723181
Transparent drainable	36–40 mm	733181

Adult

Variant	Size	REF/Model
Opaque drainable, with filter	50–60 mm	753175
Transparent drainable, with filter	50–60 mm	753181
Opaque closed, with filter	50–60 mm	756175
Opaque drainable, with filter	70–80 mm	773175
Transparent drainable, with filter	70–80 mm	773181
Opaque closed, with filter	70–80 mm	776175

4 Urostomy Systems

Flexible Click

Variant	Size	REF/Model
Pediatric transparent drainable	40 +/- 5 mm	934081
Adult transparent drainable	55 +/- 5 mm	954081
Adult opaque drainable	55 +/- 5 mm	954075
Adult transparent drainable, with filter	70–75 mm	974181
Pediatric opaque drainable	40 +/- 5 mm	934075
Adult opaque drainable	70–75 mm	974075

Rigid Click

Variant	Size	REF/Model
Adult transparent drainable	55 +/- 5 mm	854081
Adult transparent drainable	70–75 mm	874081

Convex Click Support

Secure coupling on convex baseplate for a comfortable seal and added security.

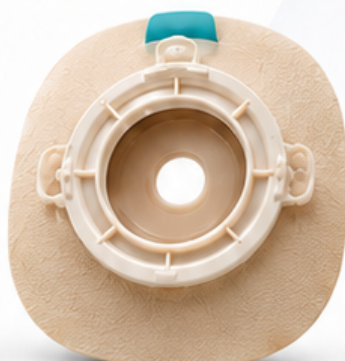

Baseplates

Flat, Convex & Click Systems

Flat – Adhesive

Flat – Flexible Click

Rigid Convex

Soft Convex – Flexible Click

1 Flat – Adhesive

Variant	Size	REF/Model
Ostomy neonatal	17–20 mm	7171
Ostomy neonatal	25–30 mm	7172
Ostomy pediatric	36–40 mm	7173
Ostomy adult	45–50 mm	7174
Ostomy adult	50–60 mm	7175
Ostomy adult	60–70 mm	7176
Ostomy adult	70–80 mm	7177

2 Flat – Flexible Click

Variant	Size	REF/Model
Ostomy/Urostomy adult	45–50 mm	7184
Ostomy/Urostomy adult	55–60 mm	7185
Ostomy/Urostomy adult	70–75 mm	7186
Ostomy/Urostomy pediatric	40 +/- 5 mm	7183

3 Rigid Convex

Adhesive

Variant	Size	REF/Model
Ostomy adult	50–55 mm	7374
Ostomy adult	60–65 mm	7375
Ostomy adult	70–75 mm	7376

Rigid Click

Variant	Size	REF/Model
Ostomy adult	45–50 mm	7394
Ostomy/Urostomy adult	55–60 mm	7395
Ostomy/Urostomy adult	70–75 mm	7396

Rigid convex depth
~ 7.5 mm

4 Soft Convex – Flexible Click

Variant	Size	REF/Model
Ostomy adult	45–50 mm	7384
Ostomy adult	55–60 mm	7385
Ostomy/Urostomy adult	70–75 mm	7386

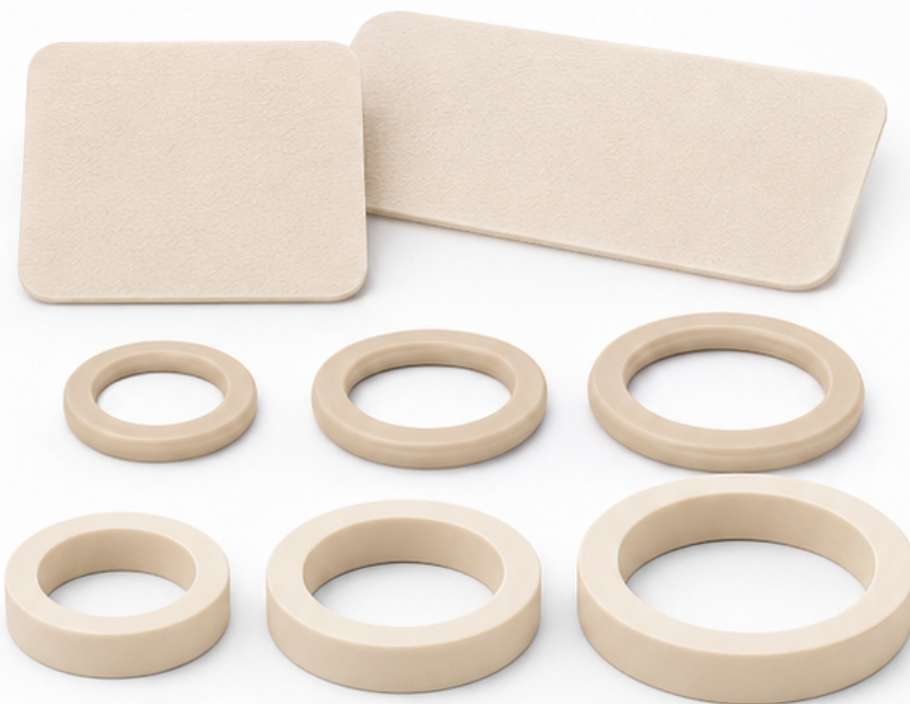

Soft convex depth
~ 4.5 mm

Accessories

Barrier Sheets & Cohesive Seals

i REF/Model codes shown as provided.

System Guide

1

Flexible Click pouches pair with Flexible Click baseplates.

2

Rigid Click pouches pair with Rigid Click baseplates.

3

One-piece systems combine pouch and barrier in one unit.

4

Accessories support fit, sealing, and skin protection.

Accessory Range

Product	Size	REF/Model
Cohesive barrier sheet, flat sheet	10 x 10 cm	02111
Cohesive barrier sheet, flat sheet	10 x 20 cm	02113
Cohesive seal, convex ring	27–36 mm	01336
Cohesive seal, convex ring	37–46 mm	01346
Cohesive seal, convex ring	47–56 mm	01356
Thick cohesive seal, ring	45 +/- 10 mm	01245
Thick cohesive seal, ring	65 +/- 10 mm	01265
Thick cohesive seal, ring	90 +/- 10 mm	01290
